Synopsis: The surrealist world of Tenshi no Tamago is desolate and devoid of the bustle of traditional everyday life. Instead, the world is filled with ominous phenomena, including floating orbs populated with statues of goddesses, gargantuan army tanks that seem to move unmanned, armies of fishermen who chase after the shadows of nonexistent fish, and caverns solely decorated with glass vessels of water.

In this run-down world, a young girl takes care of a large egg and scavenges for food and drink. She encounters a mysterious man with a cross over his shoulder, who soon becomes curious about who she is and what her egg contains. They decide to explore the lost and broken landscape together, questioning each other about the nature of faith, the purpose of the world, and the origins of their lives.

Synopsis: Salaryman Rokurou Okajima spends his days trying to climb his company's corporate ladder, until one day when a business negotiation in Thailand goes awry. During the botched deal, he falls hostage to the Lagoon Company's band of ruthless pirate mercenaries. Left to the whims of his captors after his managers refuse to pay his ransom, Rokurou does the unthinkable: instead of begging for his life, he joins the very crew who kidnapped him.

Now a member of the group, Rokurou must adjust to his new residence in the dissolute hellscape known as Roanapur, a city where corruption and crime run rampant, and even the smallest slipup could cost him his life. If not for one of the many crime syndicates on the island, Rokurou also constantly finds himself at odds with his brash, gunslinging colleague, Revy.

As Rokurou struggles to abandon his past and with more than just the profits from the Lagoon Company's illegal trading on the line, he must quickly find the resolve to make tough decisions in high-stress situations while keeping his humanity intact.
